

# 15<sup>th</sup> Clinical Research Forum

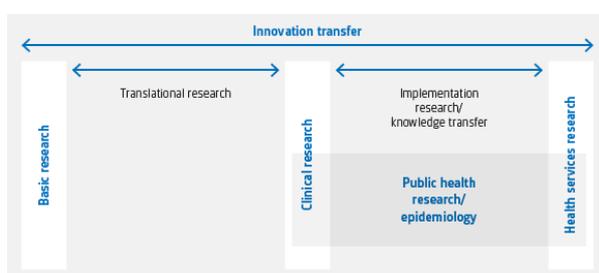

Invitation for the 15<sup>th</sup> Clinical Research Forum 2022

**Health Services Research** (Versorgungs- und Implementierungsforschung)

Saturday, 2022 November 5<sup>th</sup>

Evidence-based knowledge is among the most important resources in health care. However, relevant knowledge is often not implemented. There are about 100 different concepts for the “knowledge-to-practice gap”.

Health services research and implementation science are relatively young interdisciplinary fields, their subject is health care and health care provision. Health services research examines how patients are cared for in real life and aims to improve it, for example, by introducing new models of therapy and evaluating them. Implementation science focuses on the transfer of research results into the clinical, administrative and political contexts of health care.

Main sponsor

**What is Health Services Research? And why does it need it?**

**Dr. Sarah Mantwill**

Coordinator in the Swiss Learning Health System (SLHS) and a postdoctoral researcher at the Department of Health Sciences & Medicine, University of Lucerne (CH)

**Health economics as an interdisciplinary discipline in health services research**

**Prof. Dr. Simon Wieser**

Head of Winterthur Institute of Health Economics, ZHAW, Winterthur (CH)

**Examples of GLA:D osteoarthritis & GLA:D back implementation research**

**Prof. Roger Hilfiker, PhD**

HES-SO Valais-Wallis, School of Health Sciences, Institute Health, University of Applied Sciences, Sion (CH)

**Workshops**

**- Wege zur Implementierung eines Trainingsmanuals für Personen mit leichter kognitiver Beeinträchtigung – Lessons learned**

Dr. Marina Bruderer, Institut für Physiotherapie, ZHAW

**- Vom Fitness Game zum Reha Game: Wenn Physiotherapiewissenschaft auf Game Design trifft**

Dr. Eveline Graf, Institut für Physiotherapie, ZHAW

**Moderation:**

**Huub van Hedel**, University Children's Hospital, Rehabilitation Center Affoltern am Albis, CH

**Martin Verra**, Department of physiotherapy, Insel Group, Bern University Hospital, Bern, CH

**Where and when:**

**ZHAW School of Health Sciences**

Katharina-Sulzer-Platz 9

8400 Winterthur

<https://www.zhaw.ch/en/health/>

**Host:** Prof. Markus Wirz, PhD  
Head of Department of Research & Development Physiotherapie

**Room:** Auditorium

**Date/Time:** Saturday, 05.11.2022, 09.15 – 16.30 h

**Costs incl. business-lunch CHF 150.00**

**New including 6 physioswiss-points!**

**PRE-payment to the following account**

IBAN: CH94 0070 0110 0005 9973 7

Zürcher Kantonalbank, 8010 Zürich

Stiftung Physiotherapie Wissenschaften, Bern

**Registration absolutely necessary:**
